### **HENRY SCHEIN LAUNCHES MICROMD VERSION 11 PRACTICE MANAGEMENT AND ELECTRONIC MEDICAL RECORDS SOFTWARE WITH UPGRADES FOR ENHANCING PRACTICE EFFICIENCY**

**MELVILLE, N.Y., December 21, 2015** - Henry Schein MicroMD®, a provider of proven and cost effective practice management and electronic medical records (EMR) systems, announced today the availability of its new MicroMD Version 11 software, featuring upgrades for helping practitioners operate more efficient, successful practices. MicroMD Version 11 offers:

- The ability to modify a sliding fee scale schedule by procedure;
- Side-by-side charting workflow while using encounters through the Dashboard, allowing physicians to input notes while looking at pertinent information in a patient's chart;
- Clinical Dashboard enhancements that offer physicians the ability to customize their workflow; and,
- Streamlined Summary of Care process which allows for the Patient Care Plan and CDA to be sent simultaneously, increasing efficiency in meeting Meaningful Use requirements.

For more information about MicroMD Version 11, visit [www.micromd.com](http://www.micromd.com) or call 800-624-8832.

#### **About Henry Schein MicroMD**

Delivering on the promise of health information technology, Henry Schein MicroMD, a subsidiary of Henry Schein, Inc., provides simple yet powerful EMR and Practice Management solutions that facilitate the delivery of superior patient care, automate incentive and quality reporting activities, and streamline operations for today's busy providers. Full-featured, time-tested, and budget-friendly, MicroMD EMR is 2014 Edition Complete Ambulatory certified software that helps small practices, large medical groups, community health centers, and billing services accelerate progress toward a paperless environment and health information exchange with minimal disruption and stress.
